

To Whom it May Concern

Dear Sir

**HOW CAN WE ACHIEVE A CLEANER GREENER FUTURE?**

We invite you to participate in A CLEANER GREENER FUTURE Keynote Conference, which will take place at Highgate House Conference Centre from 20 to 22 October 2004.

The focus of this event is 'cost effective waste management solutions' with the sustainability of the global leather industry as the ultimate objective. Supported by the European Commission project MOND – a partnership between AIICA, BLC, ELKEDE and Rovesta – the conference offers not only a unique opportunity to learn more about gasification and the creation of energy from biomass, but also incorporates the annual BLC Research and Technology Seminar, an innovation and technology update, usually restricted to members only.

The timing just prior to Lineapelle (26-28 October) has been deliberately selected to facilitate a wide international attendance

Please complete the enclosed Registration Form, which includes full costs as well as details of the programme, and return it together with your remittance to Rita Phipps at Leather Trade House. Accommodation has been pre-booked at Highgate House and charges are payable to BLC with your registration fee. Please book early to ensure availability. Confirmation of participation will be forwarded on receipt of payment. If required, transport can be arranged at preferential rates. Contact Rita for further details on telephone +44 (0) 1604 679941 or by email at [rita\\_p@blcleathertech.com](mailto:rita_p@blcleathertech.com).

We look forward to seeing you at the Conference!

Yours faithfully,

A handwritten signature in black ink that reads 'Vikki Addy'. The signature is written in a cursive, flowing style.

Dr V L Addy  
Research Director
